Freight Exchange of North America Exhibits at 41st Mid-America Trucking Show

Chicago, IL (March 1, 2012) – Freight Exchange of North America (F/X), the premier full truckload carrier in North America, announced today they will be exhibiting at the 41st Mid-America Trucking Show (MATS) 2012 in Louisville, Kentucky March 22-24 (booth #61196).

The MATS, one of trucking's most prestigious events, is where the industry truly comes together. Major players attend MATS not only to promote themselves but also for the unique opportunity to be surrounded by the latest products and services while interacting face to face with the driver community.

At MATS, F/X will be showcasing their position as the leading home for truckers. Representing the company at MATS will be a team of F/X Owner Operators and members of the management team. Stop by the F/X booth #61196 to chat with team members and learn why F/X is the premier full truck load carrier in North America.

“At FX, we provide a one of a kind opportunity for Owner Operators which we proudly call the ‘THE FX EXPERIENCE’. We see MATS as an excellent forum for us to invite truckers to join us in person and see first-hand why FX is simply a better company,” said Jessica Wood, Director of Capacity Development at F/X. “We look forward to meeting and greeting hundreds of owner operators over the course of the show”.
